

The Young Adult (YA) genre is a category of literature written for readers from 12 to 18 years of age. While the genre is targeted at adolescents, approximately half of YA readers are adults. The subject matter and genres of YA correlate with the age and experience of the protagonist. Everything in the Young Adult section will qualify for this month's category. The YA fiction is divided into genres using a color-coding system. We also have Non-Fiction, Biographies, and Graphic Novels. Titles marked with an asterisk are the first title of a series.
